Office Memorandum • UNITED STATES GOVERNMENT

TO : AD/RE

DATE: 27 October 1950

FROM : Chairman, Economic Coordination Committee

SUBJECT: Survey of CIA Facilities and Arrangements Related to Foreign
Economic Intelligence RequirementsREFERENCE: Memorandum from the AD/RE to the Acting Chairman, Economic
Coordination Committee, dated 26 October 1950

1. In consideration of the request contained in the reference, it is believed to be your intention to include within the scope of the CIA survey both collection and production facilities in order that the CIA survey be consonant with surveys of other agencies.

2. If you approve expansion of the survey to include collection facilities, it is recommended that the survey be conducted in two parts; namely, an overt survey which will include OO, OCD and OSI, as well as O/RE, and a covert survey which will include OPC, OSO and the activities in which the General Division engages.

3. It is recommended that you arrange to meet with the Assistant Directors concerned for the purpose of explaining the objectives of the survey and obtaining from them the nomination of an individual from each office concerned to be detailed to the Economic Coordination Committee for the duration of the work involved in completing the survey.

4. Deadlines have been established for completion of the fact-finding phases of all surveys on 30 November 1950.
